Royal Societies Marquee

25

In recognition of the 30th anniversary of the festival, we have pleasure in presenting 10 of the foremost artists representing the Royal Societies. Each artist will be with us throughout the festival. Working in their own 'studio space' they will be alongside a display of their paintings available for purchase.

Key to the invitation to join us, is their range and styles of work something certain to attract the interest of visitors, who are encouraged to engage and meet with artists in this informal setting. Do note that during the event some of the artist may paint outside the marquee, to capture the moment.
